# CALL FOR ART

maps.stamen.com

## Help Visualize a Sustainable Future

The WEST (Water, Energy, Smart Technology) Summit presents actions to create long-term regional sustainability and resilience to climate change. To inspire these actions, SSV is hosting an art exposition with a theme of **The Future of Silicon Valley**.

DEADLINE is  
March 19th, 2014

## Calling on Artists for Sustainability

You can be that inspiration. SSV invites both professional and amateur artists to submit their work. We seek a wide variety of art forms and media, such as: paintings, drawings, collage, prints, fiber, ceramics, glasswork, sculpture, animation, digital art, photography, poetry, music, dance or whatever other media you are inspired to use.

- All submissions that are accepted will be displayed in a digital gallery on the Sustainable Silicon Valley website and used in future SSV marketing campaigns
- A smaller collection of selected pieces will be projected digitally during and in between speaker presentations
- A few key pieces, with artist's consent, will be physically displayed throughout the WEST Summit/Showcase venue. Art will be shown with artist acknowledgment attached.

## To Submit Art

To submit your artwork, complete the Artist Information Form on the reverse of this flyer and send the form along with a high-quality .jpg, .gif or .png of your art piece to:

**art@sustainablesv.org**

Sustainable Silicon Valley will notify you if your art is selected to be displayed online, in presentation form or at the **WEST Summit/Showcase**. Artists will be responsible for insuring their art.

## Call for Art

### Artist Information Form:

Name \_\_\_\_\_

Email \_\_\_\_\_

Phone Number \_\_\_\_\_

Mailing Address \_\_\_\_\_

City, State, Zip code \_\_\_\_\_

☐ **Adult**

☐ **College or Graduate Student**

☐ **Under 18**

**Age and Grade** \_\_\_\_\_

I give Sustainable Silicon Valley permission to publish my artwork in their publications or on their website. Sustainable Silicon Valley will indicate the artist's name and that it is published with permission. For artists under the age of 18, only first names will be used, unless other permission is granted. Artists will be responsible for insuring their art.

**Artists' Signature** \_\_\_\_\_

**Parental signature - Artists under 18** \_\_\_\_\_

### Consent Agreement

By submitting your artwork to the WEST Summit/Showcase Call for Art, you are giving consent for Sustainable Silicon Valley to display your work at the conference, on their website and on printed collateral. Your work may be selected to be included in the printed program or in the annual report. In addition, entry into this call for art may make your submission eligible for an on-going sustainability awareness campaign.

### Inspiration for Artists

#### Problem

In which ways are nature's systems at risk? How is sustainability a call to action? Is the term "sustainable development" an oxymoron?

#### Solution

In which ways do the 3 pillars of sustainability (economy, society, and environment) interact? How does sustainability improve the quality of human life?

#### Implementation

How can we raise awareness and the effectiveness of sustainability? How has sustainability played a part in your/our life? Is there a connection between sustainability and progress? What inspires you about the natural systems that support life on earth?
